

Individualized Service, Bespoke Experience

Brittany Harrison

The product of a military family, I was no stranger to moving. After moving to Colorado Springs in 2017, I knew I had found my home: the natural beauty, history, and city size were a Goldilocks fit. As I became more comfortable in this place, I began to understand the deep connection home has in our ability to thrive.

Home is my center and support system, and I wanted others to realize the power home has in helping them find the perfect space where they can settle. However, as a Spanish speaker and member of the queer community, I understood that homeownership is not a privilege available to everyone, so I decided to change that. I left education and dove into real estate head first, ready to “shake things up.”

As the premier real estate brand for every price point worldwide, Engel and Völkers embodies an entirely different and unique real estate experience. Whether selling in Colorado Springs or Spain, I ensure all of my clients are provided an equal level of exceptional service that Engel & Völkers has come to represent. My work with clients is not transactional but comfortable, simple, and individualized. Shelter is a basic human need - no matter which

country you call home - and my work as a Real Estate Advisor with Engel & Völkers is committed to ensuring all of my clients thrive, financially and personally.

Besides work, I love traveling, hiking, trail running, yoga-ing, camping, and road-tripping. Friends and family are everything to me; I am a very proud wife and mom to our dogs, Arlo and Freddie, and cats, Jack and Ranger. I am so grateful to call Colorado Springs home, and I enjoy taking any free time to get to know every nook and cranny of this extraordinary city with those I care for the most.

Recommendation for Brittany Harrison

Brittany's knowledge of the market and her network of helpful resources makes her an invaluable part of your home search and purchase. Brittany helped my husband and I, a military couple using a VA loan purchase a beautiful home that we can make our own. Although the market was hard to compete in, Brittany never let us feel discouraged, and insisted that she would be able to find us a home that fit our needs. Not only did she help us find a beautiful first home, but, she also built a friendship with us. Brittany has a plethora of resources within her network when it comes to home

buying and home renovation. She has built solid relationships with many local businesses and lenders around Colorado Springs that will also help you feel like you are contributing to the community while securing a home for yourself. Brittany cares deeply about her clients, and truly invests all of her energy into finding you a home that fits your needs within your budget. Brittany was zealously recommended, and I am elated to recommend her to my own friends and family. If you are looking for an agent to help you buy a home, look no further! Brittany is the agent you want by your side.

What my clients are saying

Recommendation for Brittany Harrison

Brittany offers the perfect combination of professionalism and trustworthiness. We vetted a couple of real estate agents, all of whom seemed too salesy, but Brittany truly cares and it is obvious. From the very first meeting, she shines with knowledge and is well prepared with all of the answers to your questions about the Colorado real estate market. She was able to send us listings based solely on our preferences and within a handful of viewings we were able to find the perfect home for our budget and location desires. I cannot recommend her enough!

Brittany was an amazing realtor! She worked so hard to help us get our house sold - and sold it incredibly quickly! I strongly recommend her to anyone who wants to sell their house. She takes time to get to know her clients, and she understands the market and she knows the inside and outs of selling houses. She works quickly, efficiently and is always available to answer questions and concerns-- day, night and on weekends. She is professional, kind, and incredibly thorough. You won't find a better realtor!

What my clients are saying

Recommendation for Brittany Harrison

Hard to believe we pulled it off, but we have sold our house and moved in a month's time. None of it would have happened without Brittany Harrison working so hard as our realtor. If you need a realtor to get a hard job done, then she is your woman!

Brittany was a pleasure to work with! She prioritized my needs and was always asking questions as we looked at properties to get a better understanding of why I liked or didn't like certain things. She found me a beautiful place that I love!

Brittany was extremely helpful. I could not have wished for a better realtor. She worked with our hectic schedule and without her we would probably still be trying to find a house in this market.

Brittany is awesome! She's always available for questions, and knows the area like the back of her hand. She goes out of her way to make her clients comfortable and help make home buying less stressful.

Recommendation for Brittany Harrison

Working with Brittany was the best decision my husband and I have ever made! My husband and I are both dual military, so we constantly have a lot on our plates. From all the early mornings and late nights, she worked with our schedule, not once did we feel unsure, stressed or any negative emotions. She is the most efficient and hard working person we've ever worked with. She was able to get us exactly what we wanted within a weekend. We absolutely love her and her work, 100% recommend!!! (And she speaks Spanish so that's always a plus!)

I was worried that we were going to have a hard time getting a house in such a hot market but Brittany made it happen for us in a blink of an eye! She was so flexible and attentive, she was able to find everything we wanted in a home and more all while keeping us within our budget and working with our crazy hours. Very knowledgeable of the area, her networking is mind blowing and she has an amazing personality. Love her and her work ethic. Highly recommend!
